7/8/02 A02-03-012 Level 3 Communications, LLC, to Expand its Certificate of Public Convenience and Necessity to Provide Local Exchange Telecommunications Services in the Service Territories of Citizens Telecommunications Company of the Golden State, Inc.; Evans Telephone Company; and Sierra Telephone Company, Inc.

Summary: On July 3, 2002, William P. Hunt III, Vice President, Public Policy, Level 3 Communications, LLC (Level 3), met with Cmmr. Peevey in San Francisco. Also present were Lester Wong, advisor to Cmmr. Peevey, and Michael R. Romano, Director – State Regulatory Affairs, and David J. Marchant, counsel, for Level 3. Written materials (attached to the notice) were used. Hunt stressed the importance of obtaining authority to provide limited local exchange services in the service territories of Citizens Telecommunications Company of the Golden State, Evans Telephone Company and Sierra Telephone Company. Hunt and Romano stressed that these incumbent local exchange carriers (ILECs) should not use their regulated rural exemption status to protect their unregulated Internet Service Provider affiliates from competition. Romano explained that, despite the proposed decision's findings, neither termination of the rural exemption nor any related rulemaking proceeding would be necessary to support the limited entry sought by Level 3. Hunt and Romano noted that any 'alleged' financial hardship on the ILECs that may result from the grant of the application is highly speculative and can be dealt with by the Commission in its regulation of each ILEC. Marchant urged the Commission to grant the application, subject to certain conditions.

7/8/02 R01-10-024 Order Instituting Rulemaking to Establish Policies and Cost Recovery Mechanisms for Generation Procurement and Renewable Resource Development.

Summary: *THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION THAT WAS FILED ON June 27, 2002 AND APPEARED IN THE CALENDAR OF July 9, 2002.* On June 25, 2002, Leslie Katz, Regional Vice President of Sempra Energy Utilities (Sempra), met with Cmmr. Brown on behalf of San Diego Gas & Electric Company (SDG&E) in San Francisco. Also present were Peter Hanson, advisor to Cmmr. Brown, and Joe Kloberdanz, Manager of Electric Case Management, and Billy Blattner, CPUC Relations Administrator, for Sempra. Katz stated that SDG&E supports Southern California Edison Company's (SCE) objective of using the Department of Water Resources (DWR) as the creditworthy buyer for any capacity

contracts entered into prior to their return to creditworthiness provided that such authority is granted simultaneously to SDG&E, SCE and Pacific Gas and Electric Company (PG&E). With respect to any interim procurement, Katz urged the Commission to adopt clear procurement rules and reasonableness criteria, expedited contract review, and timely cost recovery. Katz also stated that the interim mechanism should allow for procurement of only a limited amount of capacity. Katz asserted that the Commission should also consider limiting some percent of the interim purchase contracts to one year. Katz further stated that the Policy Goals for DWR Contract Allocation are contradictory. Katz recommended that the Commission adopt a portfolio approach rather than allocate contracts to utilities.

Summary: LATED FILED. AUGMENTATION REQUIRED. On June 26, 2002, Martin Mattes, counsel for Cargill, Incorporated, and Jack-in-the-Box, Inc., participated in an all party meeting with Cmmrs. Brown and Peevey. Mattes expressed support for setting a cap not to exceed \$0.025 per kWh on the sum of 'non-bypassable charges' to be imposed on direct access (DA) customers for future recovery of stranded generation and power procurement costs incurred by the utilities and the Department of Water Resources. Mattes noted that many DA customers had made substantial contributions toward the recovery of the utilities' historical procurement costs prior to their conversion to DA, when they were paying the high rates on bundled service commercial/industrial customers in 2001.
